Request

DEVELOPING ENTERPRISE MOBILE APPS OF TOMMORROW BASED ON NEW CONNECTED DEVICES

We're integrator and developer of the Odoo solution (ERP, CRM, CMS, e-business, etc...).

We're also developer of the Odoo Mobile app on Android and IOS.

We already have some specific development for connected devices, especially on SmartWatches.

We're looking for partners, especially manufacturer/designer of new connected devices, in order to start developing enterprise mobile apps for these new devices (not yet on the market).

Purpose is a win-win collaboration; we (software editor) can develop upfront new software solutions, innovative solutions, to answer our customers challenges; you (manufacturer) can launch the new product with already existing and usable software.
