Wednesday (13.10h - 15.15h)

Wednesday (15.15h - 16.55h)

DESCRIPTION ClickOn has developed an ultimate Guest List App for smart event professionals, PR agencies and exhibitors. Avoid the hassle of paper-based guest list, do check-in on your smartphone or tablet! Works great with large RSVP lists 2000+! App requires no back-end server, Guest list management can be done in Excel or Google Sheets by exporting it to CSV and loading over iTunes File Sharing. The App works offline, no internet connection is required during the event. However, Internet connectivity is needed for you to login and setup your events.
Your partner for digital innovations in Mobile and Web development.
