BILATERAL MEETINGS

Monday (13.05h - 15.10h)

Monday (15.10h - 18.05h)

Tuesday (9.00h - 11.05h)

Tuesday (11.05h - 13.10h)

Tuesday (13.10h - 15.15h)

Tuesday (15.15h - 16.55h)

DESCRIPTION Our strength is in Information Risk, Privacy and Security. We offer Cloud security consulting and Data Privacy consulting, with solutions under development for Ehealth, smart city, smart car and Marketing. We are developing a Trusted mechanism to identify a citizen via a smartphone. Then authenticate and authorise another individual to allow access a mobile cloud service.

This mobile cloud service provides access to an augmented & secure environment. An example could be an Ehealth dossier.

Investment is requested.

Some outsourcing may be required.

Our solution should allow interested parties to globally authenticate and authorise individuals access to services in the cloud.
